## INTERACTION DESIGNER | SERVICE & SYSTEMS THINKER

[hello@rucasrapidpcrepairlab.com](mailto:hello@rucasrapidpcrepairlab.com)

Portfolio: [ruca-mobile-presentation-hub.vercel.app](https://ruca-mobile-presentation-hub.vercel.app)

### PROFESSIONAL SUMMARY

Interaction designer, service professional, and operations leader whose career has consistently centered on understanding people and making complex environments easier to use. Began working in hospitality at 16, developed a service philosophy shaped by Disney, and carried it through restaurant leadership, guest service, and USPS operations. Now applies that same observational judgment to RUCA, a controller-first personal computing system designed to bring console-like clarity to PC use. Google UX certified, technically fluent in custom PCs, and experienced in end-to-end design, rapid prototyping, and GenAI-assisted development.

### CORE QUALIFICATIONS

Interaction Design: User-centered design, end-to-end product design, user flows, wireframes, prototypes, responsive interaction models, information architecture, usability testing, rapid experimentation

Technical: Figma, HTML, CSS, JavaScript, GitHub, GenAI-assisted prototyping, PC hardware, BIOS/UEFI, Windows, telemetry, diagnostics

Leadership & Service: Cross-functional collaboration, operations leadership, training, stakeholder communication, service recovery, customer experience, bilingual communication

### INTERACTION DESIGN EXPERIENCE

#### Founder & Lead Interaction Designer | RUCA - Independent Product Project

2026-Present

Monticello, NY

- Defined the end-to-end experience for RUCA, a controller-first personal computing system that unifies application launching, telemetry, diagnostics, media, live information, and device control in one coherent interface.
- Created user flows, wireframes, responsive layouts, interaction models, and working prototypes across desktop, mobile, tablet, and large-display contexts.
- Used GenAI-assisted development and rapid experimentation to translate product intent into functional builds, review behavior, identify friction, and iterate against clarity and truthful system-state feedback.
- Applied component-level PC knowledge to make complex hardware and software conditions understandable for users moving from console-style interaction to PC.

### OPERATIONS LEADERSHIP

#### Postal Clerk / Supervisor, Customer Services | United States Postal Service

Apr 2019-Apr 2026

Middletown, NY

- Advanced from Postal Clerk to Supervisor of Customer Service in 2020 after demonstrating operational judgment, reliability, and command of postal workflows.
- Directed daily delivery, retail, logistics, staffing, dispatch, safety, compliance, and customer-service operations in a high-volume facility.
- Coached employees, resolved service and workflow breakdowns, and translated policy, performance information, and changing priorities into clear actions.
- Worked across employees, managers, customers, and support functions while making time-sensitive decisions under pressure.

### HOSPITALITY & SERVICE EXPERIENCE

#### Bartender | Resorts World Catskills

Jul 2018-Mar 2019

Monticello, NY

- Delivered high-volume casino-resort service while managing transactions, inventory, product knowledge, and lasting guest relationships.

## HOSPITALITY & SERVICE EXPERIENCE (CONTINUED)

---

### **Bartender & Server** | Ovation Bistro & Bar

Jan 2016-Jul 2018

*Davenport, FL*

- Managed bar and dining-room service, reservations, large parties, phones, ordering, receiving, inventory, and vendor coordination in a busy restaurant environment.
- Built loyal regular business through attentive, low-pressure service, strong product knowledge, and genuine conversation; guests returned specifically for the experience and followed across bar assignments.

### **Attractions Cast Member / Server** | Walt Disney World Resort / Planet Hollywood

Jul 2015-Jan 2016

*Orlando, FL*

- Operated high-volume attractions under Disney's standards for safety, courtesy, show, and efficiency, managing crowd flow and guest concerns without disrupting the experience.
- Provided table service at Planet Hollywood, balancing menu guidance, order accuracy, guest connection, and fast turnover.

### **Server / Bartender** | TGI Fridays

Jan 2014-Jul 2015

*Orlando, FL*

- Moved from back-of-house leadership into guest-facing service and quickly adapted to a new pace, communication style, and workflow.
- Used timing, menu knowledge, observation, suggestive selling, and genuine conversation to create smooth, personalized dining experiences.

### **Kitchen Supervisor / Kitchen Lead** | TGI Fridays

Apr 2009-Jan 2014

*Orlando and Central Florida*

- Led food-safety checklist protocols, product rotation, storage-layout changes, recipe execution, equipment care, and service-line readiness.
- Handled front- and back-of-house ordering, merchandise receiving, weekly physical inventory counts, and product availability.
- Supported menu-rollout implementation and trained teams across Central Florida restaurants on new recipes, workflows, and launch standards.
- Covered multiple locations and prepared new menu items for early-morning commercial and marketing filming under strict timing and presentation standards.

## TECHNICAL SYSTEMS FLUENCY

---

Custom PC assembly, upgrades, component compatibility, CPUs, GPUs, motherboards, RAM, storage, cooling, power, networking, peripherals, BIOS/UEFI, Windows 10/11, hardware diagnostics, telemetry, and multi-PC workflows.

## EDUCATION & CREDENTIALS

---

Google UX Design Professional Certificate | Google via Coursera | Completed Jul 10, 2026

Google Advanced Data Analytics Professional Certificate | In Progress, started Jul 2026

Course 1 of 7 completed: Foundations of Data Science, Jul 20, 2026.

Languages: English and Spanish | Authorized to work for any employer in the United States
